

----- **Atlantic Rib** -----

The Atlantic Rib is one of the most successful and versatile profiles in the industry. The sleek and esthetically pleasing design provides the architectural strength and rigidity necessary with its trapezoid engineering pattern and intermediate stiffening ribs. It is the perfect choice for roofs, walls, store fronts and awnings in either wood frame or steel frame construction.

Available in 24 different colors in our 26 gauge (grade 50) material. We also carry the unpainted Galvalume with acrylic coating in our 24 gauge (grade 50) material.

----- **General Information** -----

- Coverage: The Atlantic Rib offers 36 inches of actual coverage with a rib height of 1 -1/4 inches
- Length: Manufactured locally in the Burnside Industrial Park in Dartmouth, Nova Scotia, panels are available in custom lengths to suit your project
